Knob or Lever Number: _____

Rosette or Escutcheon Style/Number: _____

Choice of Finish: _____

Is your door pre-drilled? (circle one:) YES NO

If yes, what is the diameter of the hole (s): _____

If more than one hole, please provide the center to center distance: _____

What backset is needed (see below for further information:) _____

What is the hand of the door (see below for further information:) _____

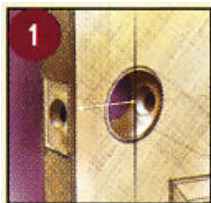

What function is needed:

_____ Passage-knob/lever set primarily used in hall or closet application where locking device is not desired.

_____ Privacy-knob/lever set primarily used on bathroom or bedroom doors where a locking function is required.

_____ Full Dummy-knob/lever trim used on both sides of a non-working door.

_____ Half Dummy-knob/lever trim used on one side of a non-working door. Often used on closets. Must be used in conjunction with a ball catch to keep the door closed.

Backset

Backset is the distance between the edge of the door and the center of the hole bored into the face of the door.

Hand of Door

To determine correct handing of door, face the outside of the door.

If the hinge is on the left side of the door, the door is left hand.

If the hinge is on the right side of the door, the door is right hand.
