handmade glass decorative hardware

The real voyage of discovery consists not in seeking  
new landscapes, but in having new eyes.

– *Marcel Proust*

Sietto is a company that designs and manufactures handmade glass decorative hardware. We have strived to create a line of products that is simple, yet elegant... one that possesses an ageless look that will be cherished by our clients for many, many years. We believe we have accomplished this, and hope that you agree.

Our products are made in America, but possess an Italian air to them. Thus, the name Sietto was created by combining two Italian words — solido and schietto. Solido means solid, and schietto means straightforward. These are the very foundations of our business. They are representative not only of our products, but also of the way in which we run our day-to-day operations.

We take great pride in our work, as each product is handcrafted with tremendous attention to detail in our facility in Chicago, Illinois. We take no shortcuts in the creation of all of our decorative, yet make certain that all orders are completed and delivered in a timely manner. From the first cut of glass to the final packaging detail, we ensure that all of our knobs and pulls are produced with the highest degree of quality.

I hope you will find the information on the following pages true to our name — solid, straightforward and worthy of your order!

Best regards,

Andrew Kates  
Owner

# Glacier

A 3" center-to-center position for back bases is standard for all pulls. However, 3 1/2", 4" and 96mm positions are available upon request.

### Measurements\*

Knobs: 1 1/4" square      Long Knobs: 2" x 1"  
Pulls: 5" x 1 1/8"      Round Knobs: 1 1/4" diam.

\* Products are all hand crafted and may possess slight variations in size and color. All pieces are 3/8" thick. Listed dimensions are approximate.

Select and specify a finish for the solid brass bases: polished chrome, satin nickel, or oil-rubbed bronze.

Oil Rubbed Bronze

## Information

### PRODUCT SPECIFICATIONS:

- A 3" center-to-center position for back bases is standard for all pulls. However, 3½", 4" and 96mm positions are available upon request.
- Knobs measure 1¼" square; long knobs measure 2" x 1"; pulls measure 5" x 1⅛"; round knobs measure 1¼" in diameter. All pieces are approximately ⅜" thick. Projection on all knobs and pulls is 1". *(Products are all hand-crafted and may possess slight variations in size and color. Listed dimensions are approximate.)*
- The base on our decorative hardware utilizes an 8/32 screw. These screws, 1" in length, are included with all orders. *(1" screws may or may not be the correct length for the drawer/cabinet used.)*

### CARE & CLEANING

- Use a soft damp cloth to clean Sietto decorative hardware.

### CUSTOM CAPABILITIES

- Custom colors, sizes and designs are available. With over 100 different colors of glass available, you have a tremendous variety from which to choose. Custom orders incur a 25% increase in cost and may require a minimum order.
