Switch Plates

As remarkably expressive as they are functional, these brass switch plates by **Baldwin** feature soft curves and defined angles. Whether in an Old Victorian or a stylish downtown co-op, the solid forged brass plates will complement your home's style. *Finish options: Antique Nickel, Polished Brass, Polished Chrome, Satin Nickel, Venetian Bronze and Antique Brass*

We offer the complete line of Baldwin Hardware including custom split finishes and styles.

Solid Brass Portable Weather Station

Easy to read format and guaranteed for life! This thermometer will not peel, flake or rust. The solid brass finish will mellow to a dark brown.

#WPTH-20
4.25" diameter
5.75" tall
\$67.99

Reads temperature in both Fahrenheit and Celsius as well as humidity.

We have many other weather forecasting devices online at:
https://www.wolfebrass.com/wp_index.htm

Solid Brass Stormglass

This mysterious weather predictor has been used since 1750. The appearance of the crystals inside the glass indicates the changes in the weather.

This Stormglass is packaged in a handsome velvet-lined black gift box with brass mounting accessories; which include the base, self tapping screw, finial and mounting accessory (to enable either wall or counter/table top fixed mounting).

6.5" tall x 1.25" diameter
\$169.99

See this and other weather forecasting devices online at:
https://www.wolfebrass.com/wp_index.htm

Bookends ~ Made in the USA

Each piece is hand cast in bronze molds. Molten zinc is poured into the mold. This base metal is what gives each piece its weight. The item is then plated with brass and an application of antique stain and then lacquered for an everlasting finish. Great graduation gift idea!
